- It is IMPERATIVE that parents register children for the appropriate swim class level. We will be posting a Class Placement List for those who took lessons last year. In addition, we will be holding free pre-lesson evaluations at Centennial Beach. More information on evaluations provided below.
- A list of class levels and prerequisites is available on our web site under FORMS > “Swimming Lesson Placement Guidelines”. Please reference this guide when selecting a swim class level.
- Any child incorrectly registered will be required to move into the appropriate swim class level, if space allows.
- If your child is underqualified for a level, for the safety of the rest of the class, the instructor, and your child, s/he will be removed from the class.

Pre-lesson Evaluations

- Prior to the start of lessons, we will host evaluations at Centennial Beach. If your child(ren) has not had any formal lessons and you don't know which level to sign up for, it is RECOMMENDED that your child(ren) attend an evaluation so our instructors can evaluate your child(ren)'s ability and let you know which level you should register for.
- You may still register for lessons without attending an evaluation, but if you select the wrong level for your child(ren) and it is determined they need to be moved, you may not be able to move them to the appropriate level, as we expect spots to fill quickly. Class capacities cannot be increased. Attending an evaluation will ensure you are registering your child(ren) for the appropriate determined level.
- Evaluations will be held on the following days and times.
 - **June 30th from 10:00am-12:00pm**
 - **July 5th from 2:30pm-4:30pm**
 - **July 6th from 10:00am-12:00pm & 4:30pm-6:30pm**
- You may stop by the Beach at any point during these times and seek out our swim instructors, who will be set up toward the far right hand side of the swim area.
- No pre-registration required to attend a swimming lesson evaluation.
- Amount of time needed to be spent at the evaluation will depend on the number of children present at any given time.
- The individual evaluation itself should not take more than 10-15 minutes.
- Those attending evaluations will need have a valid parking pass.

2023 Swim Lesson Class Schedule

- Class schedule will be identical for all 4 sessions offered.
- Classes are held rain or shine, but not when lightning or thunder are present, as determined by conditions at Centennial Beach at the time of the lesson.
