- It is IMPERATIVE that children are registered for the appropriate swim level. We maintain a Class Placement List for those who took lessons last year. You may call, email, or stop by the office to find out your child’s placement level, if necessary. If your child is underqualified for a level they are enrolled in... for the safety of the participants, the instructor, and your child, s/he will be removed from the class and we will do our best to find a class that best meets your child’s needs (if space allows).
- **A list of class levels and prerequisites is available on our web site under FORMS > “Swimming Lesson Placement Guidelines”. Please reference this guide when selecting a swim class level.**
