

# Hudson Dog Park Public Input Session

*Tuesday, May 16, 2023*  
6:00 pm - 7:30 pm

at Quinn Middle School,  
201 Manning Street, Hudson

**Join Us....**to learn more about the project history, goals and objectives. Our designer will be present to lead participants in a guided discussion and listening session, specific to two properties (Farina Field, Cox Street or Sauta Fields, Main Street) that the Park Commission is considering to have an off-leash dog park built upon. At the meeting you will GET THE FACTS on why we are pursuing this project, why only these two properties are being considered and what funding sources are available for both design and construction of the dog park.

If you cannot attend the meeting, please be on the look out for an online survey, where you can share your thoughts and contribute to our project.
