About RECFest

RECFest is the culmination of years of evolution of Hudson Recreation's beloved fall community event, originally called Pumpkin Fest. RECFest is a FREE community event that strives to showcase local non-profits and community organizations in and around Hudson. The event is geared towards children & families and all those looking to learn more and support local community-based organizations. There are games, activities, music and performances, demonstrations, food and more. We hope you will consider joining us this year.
