PARKING LOT AREA

What are your thoughts on a dog park at Farina Field?

- Wetland
- no parking
- trees already gone
- heavily residential
- enforcement
- flooding, where will that go besides yards & basements on Temi
- waste runoff into the river eco system
- field turf runoff into the river
- Farina while an ideal centralized location from a walkable perspective, the site seems to be not a site where the actual park itself can be fully flushed out. Building a subsidized option without the supporting infrastructure ~~needed~~ (parking/bathroom/fencing etc) would eventually lead to disappointment as the population needs would only be met partially.
close to town center

What are your thoughts on a dog park at Sauta Fields?

- Traffic on Main St
- Wildlife, mosquitos, ticks
- life Flight often lands there
- Location next to snack shack
- Piping plover area
- Enforcement
- Trees to be taken down
- Water shed district, Brook St & brooks flood often
- hundreds of young children playing 3 seasons - balls, screaming, cheering, etc
- parking is already a problem with sporting activities
- Seems to me that the site of the dog park might be a community center. For the needs here, there seems to be more space for the actual dog park / ppl/dog owner part itself.
- However the actual supporting logistics are already there so the budget can be focused for the dog park itself.
- buffer of noise from main street will be gone with all trees removed
- Far from town center

What are some of your favorite outdoor places to bring your dog, and why?

Open space

why own a dog if you don't have the proper space for it

paths

off leash

Social place

place with other dogs

wooded

paths to walk along

GATES POND - OPEN SPACE, WATER, LEASH LAW GRAY ZONE

Can walk to park US Ave

RAIL TRAIL WALKWAY

The dog park in Alipor - it's lovely

- Dog. nately need a social safe place to have dogs + people

Any other thoughts you would like to share?

DIVISION OF AREA FOR LARGER VS SMALLER DOGS

Agree with above ↑

* ~~ANY~~ DOG PARK *

We need a local dog park
